

# CHECKOFF FUNDING OF STATE PORK PRODUCER ASSOCIATIONS

**Legislative:** The Pork Promotion, Research and Consumer Information Act and Order provide that states shall receive no less than 16.5% of the funds generated from the marketing of swine in their state. In addition, the law requires that states receive no less than they had for the period just previous to the law going into effect.

The Act stipulates that the Pork Act Delegate Body has the authority to set the portion of funds returned to organized state producer associations.

**Delegate Policy:** In 1991, delegates approved a system that utilizes marketing numbers collected by the National Pork Board to determine return-to-state funds. At that time the formula was switched from the basis of USDA and state Departments of Agriculture or State Veterinarian adjusted marketings to those numbers actually generated by the Board's own data of marketing from each state.

The system uses the most recent three-year average of a state's total marketings (market hogs, feeder pigs, and seedstock) and applies it to a chart that was adopted by the delegates in 1991. (See Attachment 1) A part of this chart documents the application by state of the return-to-state percentage for the current year. The application of this chart is made annually from marketings for the three previous calendar years. Adjustments to state's funding are made annually with the February payments.

Attachment 2 is a report of the current marketing averages for states based on years 2023 - 2025 for your information.

Finally, listed below are the states and their "per head rate" that qualify for minimal funding. In practice, these were states that had long-time state legislative programs that were in existence prior to the pork legislation. Over the years where the checkoff rate increased, this minimum guarantee basis has been surpassed and most states are paid on the percentage table basis. However, when low hog prices exist or a lower rate is in place, this "per head" method may be triggered for more states.

Rate Per Head	
Alabama	\$.0868529
Louisiana	\$.0877588
Maryland	\$.0816192
Montana	\$.0918193
North Carolina	\$.0782579
Oklahoma	\$.1615456
